

## Get an in-depth training with Di-O-Matic's release of 'Teach-O-Matic : reactor

**Montreal, Qc** – August 30, 2002 – Today, Di-O-Matic announces the release of its latest installment in the Teach-O-Matic series. This new interactive training CD is called **Teach-O-Matic : reactor**.

As you may know, **Discreet reactor** is now bundled with every copy of 3ds max 5; **reactor** is a deep and complicated dynamic simulation tool. If you are tired of fighting with its manual, your solution is **Teach-O-Matic : reactor**

**Teach-O-Matic : reactor** is geared towards those who want to create kick ass dynamics simulations with reactor. It is designed for both the novice and the advanced user, giving clarity and speed to the process of dynamics simulation. It brings a Discreet Training Specialist into your home or office for the most comprehensive interactive training available.

**Teach-O-Matic : reactor** is available through most Discreet product distributors and resellers or directly on Di-O-Matic's corporate web site at [www.diomatic.com](http://www.diomatic.com). Like every other CD of the Teach-O-Matic series, it is available in English or French for only \$149.00.
